Our Campus ►

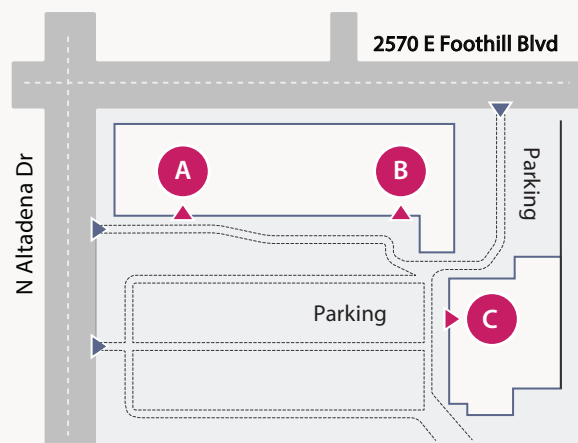

- A** Cardiology / Internal Medicine
- B** Oncology
- C** Emergency (24/7) / Neurology / Surgery

We understand that when you refer a patient to ACCESS Pasadena, you're placing your trust in us, something we take seriously with a commitment that goes beyond advanced veterinary care.

- Your patients receive expert attention from board-certified specialists, experienced staff doctors, and skilled technicians, **all collaborating for the best outcomes.***
- We're committed to the kind of compassionate client care you'd expect from a specialty hospital **privately owned by local veterinarians** – less red tape, more heart.
- Everything is **'under one roof,'** so there are no stressful transfers. If overnight care is needed, our team is here.
- With **next-gen technology**, we provide precise diagnostics, safer treatments, and faster recoveries.
- Pet owners appreciate **competitive pricing** without sacrificing quality care.

For further information on how we can assist you, your patients, and their owners, don't hesitate to contact us today. **We're here for you.**

* Not all of our doctors are board-certified
